

Celebrating This Month of Love and Friendship

Dear Friends,

Many things come to mind when someone thinks about the acronym "FKSPCA." For most the very first thing is animal protection. Next, a place to go to adopt a pet! Then of course sheltering of homeless pets, and help for animals that need it. During this month of friendship and love I would like to acknowledge that, for the staff and volunteers, FKSPCA means **Love**, most of all.

The lifesaving work we do not only affects the animals of our community but our neighbors, friends and family as well. From the 2-day-old kitten in a box to the victim of domestic abuse whose cherished four-legged companion is kept safe in our Faith Program while they get back on their feet. Our work does not end with the animal. It begins with the people who share their lives with the animals we serve.

The foundation of the programs and services we provide is our community. We pride ourselves on being a full-service facility offering a wide range of services related to sharing our lives with animals. Program development is at that forefront of our organizational structure and we work to continue to improve upon and enrich the programs and services we offer our community. All of this is done in order to achieve our lifesaving mission by working to end animal cruelty, reduce overpopulation, and strengthen the human-animal bond to keep animals in the home, reunite lost pets, place homeless pets in adoptive homes, and educate our children on the importance of treating animals kindly.

We are able to do all of this with your support and I'd like to thank you for being a hero and partner in our lifesaving mission. Yes, we are here for the animals, but we are also here for the people who share their lives with the animals we serve. We can't do what we do without you. You are the hope, the salvation and the light for the animals we serve.

With gratitude and love,

Tammy

Meet Yoshi and Kupa!

In February 2015, these sisters were seized because they were being kept in poor conditions.

Just babies then, these two have bonded and grown to be happy & healthy rabbits.

Because they have lived nearly all their lives at the shelter they need a furever home, preferably one where they can stay together.

Rabbits make wonderful pets.

If you have never owned a rabbit, we can teach proper rabbit care, housing, food and affection.

Give these girls the best gift possible, a brand new family.

Stop by the Key West shelter to meet them today!

As Sweet as HONEY!

Honey was surrendered in our overnight pen in June 2016 with her sister Belle, who has since been adopted. Honey is still looking for a family to call her own.

A 6-year-old Shih Tzu mix, Honey is an independent lady who knows what she wants and isn't afraid to tell you. She's also a sweet girl that likes to be held, get belly rubs, go for walks and loves treats. Will you be her Valentine?

She takes a little while to trust someone new, but once she warms up to you, she is your friend for life. We would love to find this sweet girl a home that is willing to give

her the TLC she deserves.

Stop by the Key West Campus or call 305-294-4857 to meet Honey today.

January 27, 2017, a house burned down on Big Pine Key. All survived the fire, but Animal Control and MCSO Deputies responded to a call the next day about two abandoned dogs on the property, locked in a shed, with no tags, chips or a home. Sadly, noone claimed them. This unlikely yet adorable pair is up for adoption! Visit them at the Marathon Campus behind the airport or call 305-743-4800.
