

### **It's Not Too Late!**

This week a hero and partner in our lifesaving mission called to support the building fund by making a gift to name the remaining stray cat cages in the new facility.

This got me thinking that I should let you all know that we are coming to the end of our capital campaign and opportunities to name a space in the new facility are quickly becoming less available.

Naming a space in the new shelter not only enables us to build the new safe facility for our community and its animals, but it also provides you with a legacy opportunity and an opportunity to remember or honor a loved one in a special way.

Our fundraising is not done and we are looking for heroes to complete the project.

We are still working hard to raise the remaining needed funds to furnish and equip the building. We have \$850,000 to go and we can get there with the support of our generous animal loving community.

If you are interested in naming a space in the new facility please contact Tammy Fox at 305.294.4857; [tammy@fkspca.org](mailto:tammy@fkspca.org) or see the naming opportunities on our website at [www.fkspca.org/newshelter/pledge-form](http://www.fkspca.org/newshelter/pledge-form)

We have spaces available for gifts in amounts of \$1,000 and even up to \$500,000.

And please don't forget about our in-person and online [Engrave and Pave the Way brick campaign](#). Bricks are limited so if you are thinking of purchasing a brick to remember a loved one or celebrate a special occasion please don't wait.

As always thank you for the support of your local animal shelter in the lower and middle keys the Florida Keys SPCA!

With gratitude,

*Tammy*

## **"Bouncing Bob," The Love Bug**

Bob, or bouncing Bob as we like to call him, is still waiting for his forever home at our Marathon Campus. Bob is funny, sweet, affectionate and playful.

This 2.5-year-old mixed breed adores the water and wants nothing more than to play with the other dogs here at the shelter. He was looking lonely so Bob recently made a new companion for his kennel, a gigantic "bob-sized" stuffed bear that he LOVES to snuggle with.

Don't miss out on a truly perfect companion and meet [Bob at our Marathon Campus!](#) Call 305-743-4800 to set up a meet and greet!

## Meet "Rue & Heather"

1,200 days ago, or just over 3 years, Rue came into our shelter after being found as a stray baby kitten.

She briefly went into a foster home until she was ready for adoption and has been at our shelter ever since.

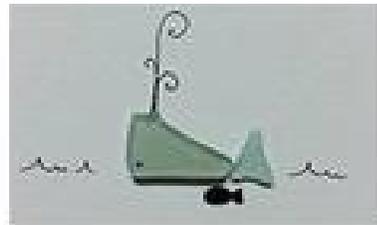

Because she has been in our care for nearly her entire life, she has adapted to shelter life and even bonded with her friend Heather, who has also been with us for almost 2 years.

Rue would love nothing more than to be adopted into a furever home, especially with her friend Heather. If you are interested in some feline friends, stop by the Key West Campus to **meet these two wonderful kitties** today!

## Meet "Petunia"

Petunia has resided at our Marathon Campus since 2015.

She's a younger cat, and petite in size, making her a perfect kitty companion for residing in smaller spaces.

Having lived most of her life in a shelter, don't overlook this little cat and meet her at

our Marathon Campus!

Call 305-743-4800 or stop by in person to snuggle this little girl.

## Meet "Mr. McGoo"

Mr. McGoo was living in a home that was not able to properly care for him, so we took him into our care to find him a new home. He is a calm, happy, sweet boy that loves snuggling up to new friends.

He could be a great doggy friend to other dogs, or would be perfectly happy living in a home where he is the only pet. He gives big sloppy kisses, likes going on walks and is willing to learn new tricks for treats.

Mr. McGoo always waits quietly in his kennel for the next person to feed him, take him to the yards or just give him a little love. If you are looking for your next family member, stop by the **Key West Campus to meet Mr. McGoo** today!

**We are at the middle of hurricane season!**

**In the event of a major storm, we have to evacuate ALL of our animals into foster homes until it is safe for them to return to the shelter.**

*Save a Life.*

**FOSTER.**

**Our Aug. 19 "Clear the Shelters" event could help us put a large number of animals into homes which will tremendously help our need during this tropical storm season. We hope you will consider being a foster!**

The **FLORIDA KEYS SPCA** operates out of a facility in Key West, (yes, the United States' southernmost city!) that is literally crumbling around us.

What were already old buildings in disrepair have deteriorated even further with the pervasive saltwater intrusion from Hurricane Wilma in 2005. This has caused spalling in the concrete walls with entire columns ready to give way.

Yet, we persevere. We must continue to keep the shelter open and operational, despite several challenges.

Considering a career in animal welfare?  
The Key West and Marathon Campus  
each is hiring **fulltime** Animal Care  
Associates!

Come work in an exciting, fast-paced  
environment. The position provides for the  
care, cleaning, and enrichment for the  
shelter animals.

Qualifications include HS Diploma, a valid

driver's license and safe driving record. Ability to pass a criminal background check is required.

Ability to handle a variety of animals and perform physical work on a daily basis.

Must be proficient at working independently and as part of a team, possess good communication and public service skills as well as experience in animal handling. Send your resume to Key West at [info@fkspca.org](mailto:info@fkspca.org) or in Marathon to [tara@fkspca.org](mailto:tara@fkspca.org).

## Leaving a Legacy

Including the Florida Keys SPCA in your estate planning can ensure a loving, joyful future for the homeless animals that depend on the FKSPCA.

Legacy Society members care deeply about animals and want to make sure our life-saving work continues for generations to come.

In becoming a member of our Friends Forever Legacy Society—a group of supporters who have made estate plan provisions to give a lasting gift to homeless animals at our shelters—you're leaving your mark in the world by protecting animals in need.

Membership is easy. No immediate donation is necessary and we don't need to know the amount.

What you should know is that the size of your gift doesn't matter! Planned giving is not for just the wealthy. Large or small, your bequest to the FKSPCA will leave a lasting legacy for the animals.

Planned gifts are a unique charitable tool allowing donors to achieve their personal and charitable objectives using tax and financial planning methods. Unlike cash donations, such gifts are typically made from assets in your estate rather than disposable income, coming to fruition upon your death.

The simplest and most common planned gift is a bequest in your will or living trust. Others include:

- annuities that provide income to you and others for life
- life insurance policies
- charitable lead trusts
- an endowment fund

- retirement plan assets
- real estate
- stocks and bonds

Your financial advisor will be able to help you decide which type of planned gift is best for you and your family.

If you have already included the Florida Keys SPCA in your estate planning, thank you! Please let us know that you have named the Florida Keys SPCA as a beneficiary in your will, trust, insurance policy, donor advised fund, or foundation. With your permission, we will proudly add your name to our growing roster of Friends Forever Legacy Society members.

When you get ready to make your Will, please remember the Florida Keys SPCA. We would also be happy to discuss Legacy Society membership with you and your advisor. Just give Tammy Fox, executive director, a call at 305.294.4857. We look forward to adding your name to our growing list of Friends Forever Legacy Society members.

## Hurricane Prep:

Are you & your pet ready in the event of a hurricane? Here's some tips:

- 1) Have current tags, shots and correct information on their collar.
- 2) Have a current photo of your pet.
- 3) Prepare a Pet Emergency Kit for your animals including a carrier, leash or harness, medications, food, water, toys, litter box & litter, vaccination & medical records, bed or blankets and a collapsible wire crate.
- 4) Find a Hurricane shelter that will allow you to go there with your pets or make plans to go somewhere you can keep your pet with you.

**We want everyone to be prepared in the case of an emergency. Being ready now helps tremendously in the future!**
