

Greetings!

**To Your Family From Ours;
The Animals, Staff, and Volunteers at the FKSPCA.**

We hope that you have a wonderful holiday season and that all your wishes come true in the new year. This year we wish for homes for all our animals and that the animals already in homes receive all the love they desire.

On Christmas day our staff will be busy giving extra treats to our sheltered animals, making sure they have warm, clean beds to sleep in and that they get long walks and extra cuddles. As we look forward to 2018 we are excited that we will be providing a new facility for our Lower and Middle Keys communities along with valuable programs and services that we have not been previously able to provide due to the current facility in Key West. Programs for children including humane education and camps, training classes, and expanded clinic services all work to strengthen the human animal bond and fulfill our vision of keeping animals in the home as opposed to surrender when possible. Our new facility is scheduled to open April 2018 and we look forward to seeing you there.

Another 2018 aspiration is to work towards establishing a clinic at the Marathon Campus in order to provide clinic services for those communities as well. Our vision in this area is to establish a mobile clinic that would provide free and low cost clinic and medical care services to locations in Marathon and Big Pine as well as in surrounding Keys. If you are interested in donating to the Marathon Campus clinic fund please contact Tammy Fox at tammy@fkspca.org or 305-294-4857.

We want to thank you for supporting us in our lifesaving mission through your support, time and dedication. Without you we cannot care for the thousands of animals we serve each year through the Key West and Marathon Campus.

Yours in animal welfare,
Tammy

Meet "Face Man"

An American Curl that is family friendly, gets along with other cats but prefers to be the leader and loves to snuggle, Face Man has been in several different homes and returned at no fault of his own.

Strangely, each time his owner was moving and couldn't take him along. Face Man would love to find his fur-ever home where an adoption means FORever! He plays as much

as possible chasing feathers but loves his down time where he's getting lots of love and cuddles.

If you can make a commitment to this sweet boy, stop by the [Key West shelter](#) to meet him today!

Meet "Lorna"

Lorna was left behind during Hurricane Irma to fend for herself and was eventually surrendered by her owner. She is now looking for her forever home in her golden years.

She is a sweet 13 year old senior that would like a calm environment as she is a little timid. She is slow moving, but still likes walks, cuddles and lots of treats. It make take a few visits for her to be sure you are the person that she will fall in love with, but she is well worth the wait. She likes all the extra attention and love she can get. If adopting an older dog to live out the rest of her days happy and loved, please stop by the [Key West Campus](#) today to meet her!

"Sheba"

One year. 365 Days. That's how long Sheba the American Bulldog has been waiting for her forever family.

Surrendered to our Marathon Campus one year ago when her owner was moving and couldn't keep her, Sheba has patiently been waiting and hoping that her family is out there, somewhere.

Sheba is a 4 year old American Bulldog that would prefer to be the only pet. She absolutely LOVES to play ball and gets along great with older kids.

Learn more about Sheba by visiting her at stop by the [Marathon Campus](#) at 10550 Aviation Blvd or call 305-743-4800 for more information.

Let's get Sheba a home for the holidays!

The Marathon Campus has kittens available to adopt! 11 friendly sociable kittens of all different ages and colors are ready for adoption! Kittens love attention, affection and of course play time. Remember, the lifespan of a cat can be longer than 20 years and bringing a new kitten into your home is a lifetime commitment.
